

HANDY MAN

HANDY MAN

HandyMan All-in-One is a home repair and maintenance company built around one simple idea: **homeowners should only need one trusted company to take care of their entire home.**

From everyday repairs to seasonal projects, we coordinate the right professionals and remain accountable from beginning to end.

BRAND GENERAL VISION

BRAND ESSENCE

Your home, handled.

One company.
One standard.
One point of contact.

THE PROBLEM

Homeowners are tired of calling multiple contractors, waiting for no-shows and managing different people for every small repair.

The problem is not finding someone who can do the work. It is finding someone reliable enough to answer, arrive and stand behind it.

OUR SOLUTION

HandyMan manages small-to-mid-sized home projects through qualified in-house technicians and licensed trade partners when required.

The customer hires HandyMan—not an individual worker. We schedule the job, communicate the price and take responsibility for the result.

POSITIONING

The trusted team for every home project.

HandyMan combines the convenience of a local handyman with the reliability, organization and accountability of a professional home-services company.

MISSION

To make home repair simple by delivering reliable service, clear pricing and quality work through people we would trust in our own homes.

VISION

To become America's most trusted
all-in-one home-services company.

WE
ANSWER

Clear and responsive communication.

WE
ARRIVE

Reliable scheduling and updates.

WE QUOTE
FIRST

Approved pricing before work begins.

WE STAND
BEHIND IT

Consistent quality and dependable support.

RELIABILITY

We do what we say.

TRANSPARENCY

No hidden costs or surprises.

VALUES

CARE

We respect every home as if it were our own.

RESPONSABILITY

We know when a licensed specialist is required.

PALETA DE COLORES

PRIMARY

Midnight Navy – #1D2945

Primary brand color. Communicates trust, experience and professionalism. Used for backgrounds, vehicles, uniforms and primary typography.

Warm Cream – F4EDDA

Primary neutral. Creates the warm, nostalgic character of the brand. Used for backgrounds, illustrations and reversed logos.

Workwear Red – C74732

Primary accent. Adds energy and visibility. Used for calls to action, signage and small graphic details.

SECONDARY

Utility Gold – D69A3A

Secondary accent inspired by vintage tools and workwear. Used sparingly for highlights, icons and seasonal communication.

Soft Sage – 8A9A83

Supporting color for maintenance, outdoor services and softer applications.
